# TRANSPORTATION

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congresswoman Jackie Speier. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: Not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions, and guidance may apply.

## Highway Improvement Programs

*\$27.5 billion was included for Highway Infrastructure Investment.*

**California will receive \$2.6 billion in formula funding.**

<b>Administrator:</b>	California Department of Transportation
<b>Purpose:</b>	For transportation projects including resurfacing and pavement preservation projects, traffic signal system upgrades, bridge projects, transit projects and intelligent transportation systems.
<b>Description:</b>	Funds are distributed by formula, with a portion of the funds within each State being sub allocated by population area.

### **Capital Assistance for High Speed Rail and Intercity Passenger Rail Service**

*\$8 billion was included for Capital Assistance to States and High Speed Passenger Rail Program.*

<b>Agency:</b>	Federal Railroad Administration U.S. Department of Transportation
<b>Type:</b>	The Capital Assistance to States – Intercity Passenger Rail Service program provides grants on a discretionary basis to states to fund necessary capital improvements to improve intercity passenger rail service. Grants under this program are awarded to the more meritorious projects as measured against statutory criteria. Discretionary grants to States to provide capital assistance for improving intercity passenger rail service as well as maintaining existing passenger rail corridors.
<b>How to Apply:</b>	Funds will be distributed by grants through the U.S. DOT/FRA. Grant information is available at <a href="http://www.grants.gov">www.grants.gov</a> and <a href="http://www.fra.dot.gov/us/content/1954">http://www.fra.dot.gov/us/content/1954</a> .

### **Capital Grants to Amtrak**

*\$1.3 billion included for capital grants to Amtrak for security and non-security improvements.*

<b>Agency:</b>	Federal Railroad Administration U.S. Department of Transportation
<b>Provision:</b>	Funds cannot be used for Amtrak's operating losses.
<b>Purpose:</b>	To maintain and improve the national system of intercity passenger rail. In addition to security improvements, repair, rehabilitation, or upgrade of railroad assets or infrastructure, and for capital projects that expand passenger rail capacity including the rehabilitation of rolling stock (locomotive and passenger cars).
<b>How to Apply:</b>	This funding will solely be provided to Amtrak. Funds will be used by the U.S. Department of Transportation for improvements for the National Railroad Passenger Corporation (AMTRAK). \$450 million will be spent for security improvements. No more than 60% of the remaining funds will be spent in the Northeast Corridor. It requires that funds be awarded within 30 days of enactment and that all projects funded be completed within two years.

# ENVIRONMENTAL INFRASTRUCTURE

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congresswoman Jackie Speier. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: Not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions, and guidance may apply.

## Clean Water State Revolving Fund

*\$4 billion included for the Clean Water State Revolving Fund*

**California will receive \$279.6 million in formula funding.**

<b>Administrator:</b>	Environmental Protection Agency, Region 9 Bureau of Water Protection and Land Reuse, Clean Water Fund Manage
<b>Provisions:</b>	Waives mandatory 20% matching requirements for revolving funds.
	Directs the Administrator to reallocate Revolving Fund monies where projects are not under contract or construction within 23 months of the date of enactment.
	Requires at least 50% of the capitalization grants each State receives be used to provide assistance for additional subsidization (forgiveness of principal, negative interest loans, or grants, or any combination of these).
	Requires at least 20% of each Revolving Fund be available for projects for green infrastructure, water and/or energy efficiency, innovative water quality improvements, decentralized wastewater treatment, storm water runoff, mitigation and water conservation, unless states lack applicants with these types of projects.
<b>Purpose:</b>	To provide relief to communities be requiring a greater Federal share for local clean and drinking water projects and greater flexibility for States to reach communities that would otherwise not have the resources to repay a loan with interest.
<b>Description:</b>	Funding provided to states is used to make loans to communities, individuals, and other for high-priority water-quality activities.
<b>Activities:</b>	Loans are used to build or improve wastewater treatment plants; agriculture, rural, and urban runoff control; estuary improvement projects; wet weather flow control, including storm water and sewer overflows; alternative treatment technologies; and water reuse and conservation projects.

## Drinking Water State Revolving Fund

*\$2 billion included for the Drinking Water State Revolving Fund*

**California will receive \$161 million in formula funding.**

<b>Administrator:</b>	Environmental Protection Agency, Region 9 Regulatory Services Branch, Drinking Water Section
<b>Provisions:</b>	The mandatory 20% matching requirements for revolving funds is waived.

	Directs the administrator to reallocate Revolving Fund monies where projects are not under contract or construction within 12 months of the date of enactment.
	Directs priority funding to projects on State priority lists that are ready to proceed to construction within 12 months of enactment.
	Requires at least 50% of the capitalization grants each State receives be used to provide assistance for additional subsidization (forgiveness of principal, negative interest loans, or grants, or any combination of these).
	Requires at least 20% of each Revolving Fund be available for projects for green infrastructure, water and/or energy efficiency, innovative water quality improvement, decentralized wastewater treatment, storm water runoff mitigation and water conservation, unless states lack applicants with these types of projects.

### Brownfields Grants

*\$100 million was included for Brownfields projects.*

<b>Agency:</b>	Office of Brownfields and Land Revitalization U.S. Environmental Protection Agency
<b>Provisions:</b>	Waives cost-share requirement
<b>Description:</b>	Funds are provided for Brownfields competitive grants to address environmental site assessment and cleanup, 25 percent of which are mandated by law to address petroleum contamination. Funds will capitalize revolving funds and provide low interest loans, job training grants and technical assistance to local governments and non-profit organizations.

### Diesel Emission Reduction Program

*\$300 million was included for Diesel Emission Reduction Act (DERA) grants.*

<b>Agency:</b>	U.S. Environmental Protection Agency
<b>Provisions:</b>	Waives the State Grant and Loan Program matching incentive provisions of DERA.
<b>Purpose:</b>	Funding is used to create clean diesel programs that achieve significant reductions in diesel

	emissions that improve air quality and protect public health.
<b>Description:</b>	Funds technologies to retrofit emission exhaust systems, such as on school buses and other vehicles, replace engines and vehicles, and establish anti-idling programs – 70% of the funding supports nation-wide, competitive grants, the remaining 30% funds grants to states with approved programs

# ENERGY

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congresswoman Jackie Speier. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: Not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions, and guidance may apply.

## State Energy Program

*\$3.1 billion was included for the State Energy Program.*

**California will receive an estimated \$239 million in formula funding.**

<b>Administrator:</b>	California Energy Commission
<b>Description:</b>	States use grants to address energy priorities and program funding to adopt emerging renewable energy and energy efficiency technologies
<b>Website:</b>	<a href="http://www.energy.ca.gov/recovery">http://www.energy.ca.gov/recovery</a>
<b>Phone:</b>	916-654-4287

## Weatherization Assistance Program

*\$5 billion was included for the Weatherization Assistance Program. Provision also expand the eligibility of low income households for the Weatherization Assistance Program and increasing the funding assistance level per dwelling (from \$2,500 per dwelling to \$6,500)*

**California will receive \$185 million in formula funding.**

<b>Administrator:</b>	California Energy Commission
<b>Description:</b>	Provides energy efficiency measures in the homes of qualifying homeowners free of charge
<b>Purpose:</b>	To assist low-income families reduce their energy bills by making their homes more energy efficient
<b>Website:</b>	<a href="http://www.csd.ca.gov/Recovery/Recovery.aspx">http://www.csd.ca.gov/Recovery/Recovery.aspx</a>
<b>Phone:</b>	916-654-4287

## Energy Efficiency and Conservation Block Grant (EECBG)

*\$3.2 billion was included for EECBG.*

<b>Office:</b>	Energy Efficiency and Renewable Energy (EERE)
<b>Agency:</b>	U.S. Department of Energy
<b>Purpose:</b>	To reduce fossil fuel emission, decrease overall energy consumption, improve energy efficiency in the transportation, building, and other energy consuming sectors of the economies of eligible entities
<b>Description:</b>	Assists states and local governments in implementing strategies to reduce fossil fuel emissions created as a result of activities within the jurisdictions of the eligible entities and reduce the total energy use. Activities eligible to receive funding include: conducting residential and commercial building energy audits; establishing financial incentives programs for energy efficiency improvements; grants to non-profit organizations to perform energy efficiency retrofits; developing/implementing programs to conserve energy used in

	transportation; developing and implementing building codes and inspections services to promote building energy efficiency; installing light emitting diodes (LEDs); and developing, implementing, and installing on or in any government building onsite renewable energy technology that generates electricity from renewable sources.

### Advanced Battery Manufacturing

*\$2 billion was included for Advanced Battery Manufacturing grants to support the manufacturing of advanced vehicle batteries and components*

<b>Office:</b>	Energy Efficiency and Renewable Energy (EERE)
<b>Agency:</b>	U.S. Department of Energy
<b>Activities:</b>	For the manufacturing of advanced batteries and components; and to provide facility funding to manufacturers of advanced battery systems and vehicle batteries that are produced in the United States, including advanced lithium ion batteries, hybrid electrical systems, component manufacturers, and software designers
<b>Type:</b>	Competitive Grants
<b>Website:</b>	<a href="http://www.eere.energy.gov">www.eere.energy.gov</a>
<b>Phone:</b>	(877) 337-3463 - Energy Information Center

### Alternative Fueled Vehicle Pilot Grant Program

*\$300 million was included for the Alternative Fueled Vehicles Pilot Grant Program*

<b>Office:</b>	Clean Cities Program Energy Efficiency and Renewable Energy (EERE)
<b>Agency:</b>	U.S. Department of Energy
<b>Purposes:</b>	To establish a grant program through the DOE Clean Cities Program to encourage the use of plug-in electric drive vehicles or other emerging electric vehicle technologies.
<b>Recipients:</b>	State governments, local governments, metropolitan transportation authorities, air pollution control districts, and private or nonprofit entities.
<b>Activities:</b>	May be used for the acquisition of alternative fueled vehicles, fuel cell vehicles or hybrid vehicles, including buses for public transportation and ground support vehicles at public airports. The installation or acquisition of infrastructure necessary to directly support an alternative fueled vehicle, fuel cell vehicle, or hybrid vehicle project funded by the grant is also eligible.
<b>Type:</b>	Competitive Grant

### Transportation Electrification

*\$400 million for Transportation Electrification grant projects.*

<b>Office:</b>	Energy Efficiency and Renewable Energy (EERE)
<b>Agency:</b>	U.S. Department of Energy
<b>Purposes:</b>	To implement a grant program for qualified electric transportation projects that reduce emissions, including shipside electrification of vehicles, truck stop electrification, airport ground support equipment and cargo handling equipment
<b>Recipients:</b>	States, local governments, and metropolitan transportation authorities

<b>Type:</b>	Competitive Grant

### Energy Efficient Appliance Rebate Program and Energy Star Program

*\$300 million was included for the Energy Efficient Appliance Rebate program and Energy Star Program.*

<b>Office:</b>	Energy Efficiency and Renewable Energy (EERE)
<b>Agency:</b>	U.S. Department of Energy
<b>Description:</b>	Approximately 15 states have appliance rebate programs currently operating to incentivize the purchase of energy efficient appliances. This program would add federal funds to increase the effectiveness of these programs and to encourage the remaining states to adopt similar programs. This will speed the rollout of appliances that will be able to take advantage of smart meters and spur consumer purchases of smart and energy-efficient appliances.

### Smart Grid Investment Program

*\$4.5 billion was included for the Smart Grid Investment Program.*

<b>Office:</b>	Electricity Delivery and Energy Reliability
<b>Agency:</b>	U.S. Department of Energy
<b>Purposes:</b>	To modernize the electric grid, enhance security and reliability of the energy infrastructure, energy storage research, development, demonstration and deployment, and facilitate recovery from disruptions to the energy supply, and authorized purposes.
<b>Activities:</b>	For research and development, pilot projects, and federal matching funds for the Smart Grid Investment Program to meet the goal of a modern electric grid, enhance security and reliability of energy infrastructure, and facilitate recovery from disruptions to the energy supply. The Office of Electricity Delivery and Energy Reliability projects are planned and implemented in concert with partners from other Federal programs; electric utilities; equipment manufacturers; regional, state, and local agencies; national laboratories; and universities.

### Fossil Energy Research and Development Program

*\$3.4 billion was included for Fossil Energy Research and Development Programs.*

<b>Office:</b>	Office of Fossil Energy
<b>Agency:</b>	U.S. Department of Energy
<b>Description:</b>	Research and Development programs include pollution control innovations for traditional power plants, including mercury reduction; improved gasification technologies; advanced combustion systems; development of stationary power fuel cells; improved turbines for future coal-based combined cycle plants; and creation of a portfolio of technologies that can capture and permanently store greenhouse gases.

<b>Activities:</b>	Research and development (R&D) partnerships, cooperative R&D agreements, financial assistance, and contractual arrangements with universities and the private sector.

### Advanced Research Projects Agency (ARPA-E)

*\$400 million included for the Advanced Research Projects Agency (ARPA-E)*

<b>Agency:</b>	U.S. Department of Energy
<b>Purposes:</b>	To support high-risk, high-payoff research to accelerate the innovation cycle for both traditional and alternative energy sources and energy
<b>Background:</b>	In 2007, Congress approved (PL 110-69) the creation of the Advanced Research Projects Agency-Energy (ARPA-E). Modeled after the Defense Research Advanced Research Projects Agency (DARPA), ARPA-E will develop and deploy advanced energy technologies by identifying and promoting revolutionary advances in fundamental sciences, translating those discoveries into technological innovations, and accelerating transformational technological advances in areas that industry by itself is not likely to undertake.
<b>Eligibility as Authorized:</b>	Awards to institutions of higher education, companies, research foundations, trade and industry research collaborations, or consortia of such entities, which may include federally-funded research and development centers.

# HOUSING

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congresswoman Jackie Speier. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: Not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions, and guidance may apply.

## Public Housing Capital Fund (Formula)

*\$3 billion to be distributed to public housing agencies for capital repairs and improvements to federally-subsidized public housing. \$1 billion was also included for competitive grants for priority investments, including that leverage private-sector financing for renovations and energy conservation retrofits.*

**California will receive \$118 million in formula funding.**

**The County of San Mateo Housing Authority will receive \$366,511 of the \$116 million.**

## COBRA Continuation Coverage

*\$24.7 billion was included for COBRA Continuation Coverage.*

<b>Office:</b>	Group Health Plan
<b>Agency:</b>	Department of Labor (Regulatory)
<b>Type:</b>	Mandatory Spending
<b>Purpose:</b>	To provide individuals and their families with a premium subsidy of 65 percent of the COBRA continuation premiums for a maximum of 9 months of coverage only with respect to involuntary terminations that occurs on or after September 1, 2008, and before January 1, 2010. The full premium subsidy is limited by a taxpayer's adjusted gross income (AGI), \$125,000 for individuals and \$250,000 for joint filers and is phased out for individuals with an AGI between \$125,000 and \$145,000 and families with an AGI between \$250,000 and \$290,000. It provides a special 60-day election period for a qualified beneficiary who is eligible for a subsidized premium and who has not elected COBRA continuation coverage as of the date of enactment or who is no longer enrolled on the date of enactment, for example, because the beneficiary was unable to continue paying the premium.
<b>Description:</b>	Recession-related job loss threatens health coverage for many families. This provision is intended to provide targeted assistance to individuals and families who have been involuntarily terminated to enable them to afford premium payments for health insurance coverage under COBRA. The Joint Committee on Taxation estimates that this provision would help 7 million people maintain their health insurance by providing a vital bridge for workers who have been forced out of their jobs in this recession.
